Investment Objectives

The Aggressive Fund seeks long-term total returns through a relatively risky investment strategy invested in fixed income, equity, and other securities.

Portfolio Strategy

The Aggressive Fund takes a long-term strategic approach to asset allocation across different asset classes, consistent with its objectives. The fund typically invests primarily in local and foreign bonds, equities, and other investment vehicles investing in bonds and equities, such as funds. The Aggressive Fund asset allocation reflects the Manager's market outlook and may hold high cash levels from time to time due to operational reasons.
