Investment Objectives

The Balanced Fund seeks long-term total returns through a moderately risky investment strategy invested in both fixed income and equity securities.

Portfolio Strategy

The Balanced Fund takes a long-term strategic approach to asset allocation across different asset classes, consistent with its objectives. The fund typically invests primarily in local and foreign bonds, equities, and other investment vehicles investing in bonds and equities, such as funds. The Balanced Fund asset allocation reflects the Manager's market outlook and may hold high cash levels from time to time due to operational reasons.
